CANNON-AID

Billie Burke West

May 27, 1955

Dear Billie

A very sweet girl like you deserves a lot of luck. Take care of your self and be good your last 2 years at good old faithful S.H.S. Next year when we're sweet little Juniors ^{we'll} be the little angels, but our Senior year we can be devils though. Maybe we can set off fire storms just the Seniors did this year. We can take off school to and go to Waynesboro and see Billy. Come out and stay with me this summer at the cottage. I'll need some body because I get lonely. HA! HA! Maybe you can still see Chuck even though he is engaged to somebody we don't approve of. But as you know, you can't please everyone. When we go to Waynesboro this Sunday maybe we can get you in good with Bill. When I get my license we can go see Fred and Bill. I wish you luck with either of them.

Don't forget the night we rode around with Bill and how scared you were of his driving. Weren't those deer out. Keep on trying with Bill because I think you can get him. Some time maybe I can have a party and we can sort of hint to Bill about it.

I want to tell you, you are about the best friend I have and I hope we can remain as such.

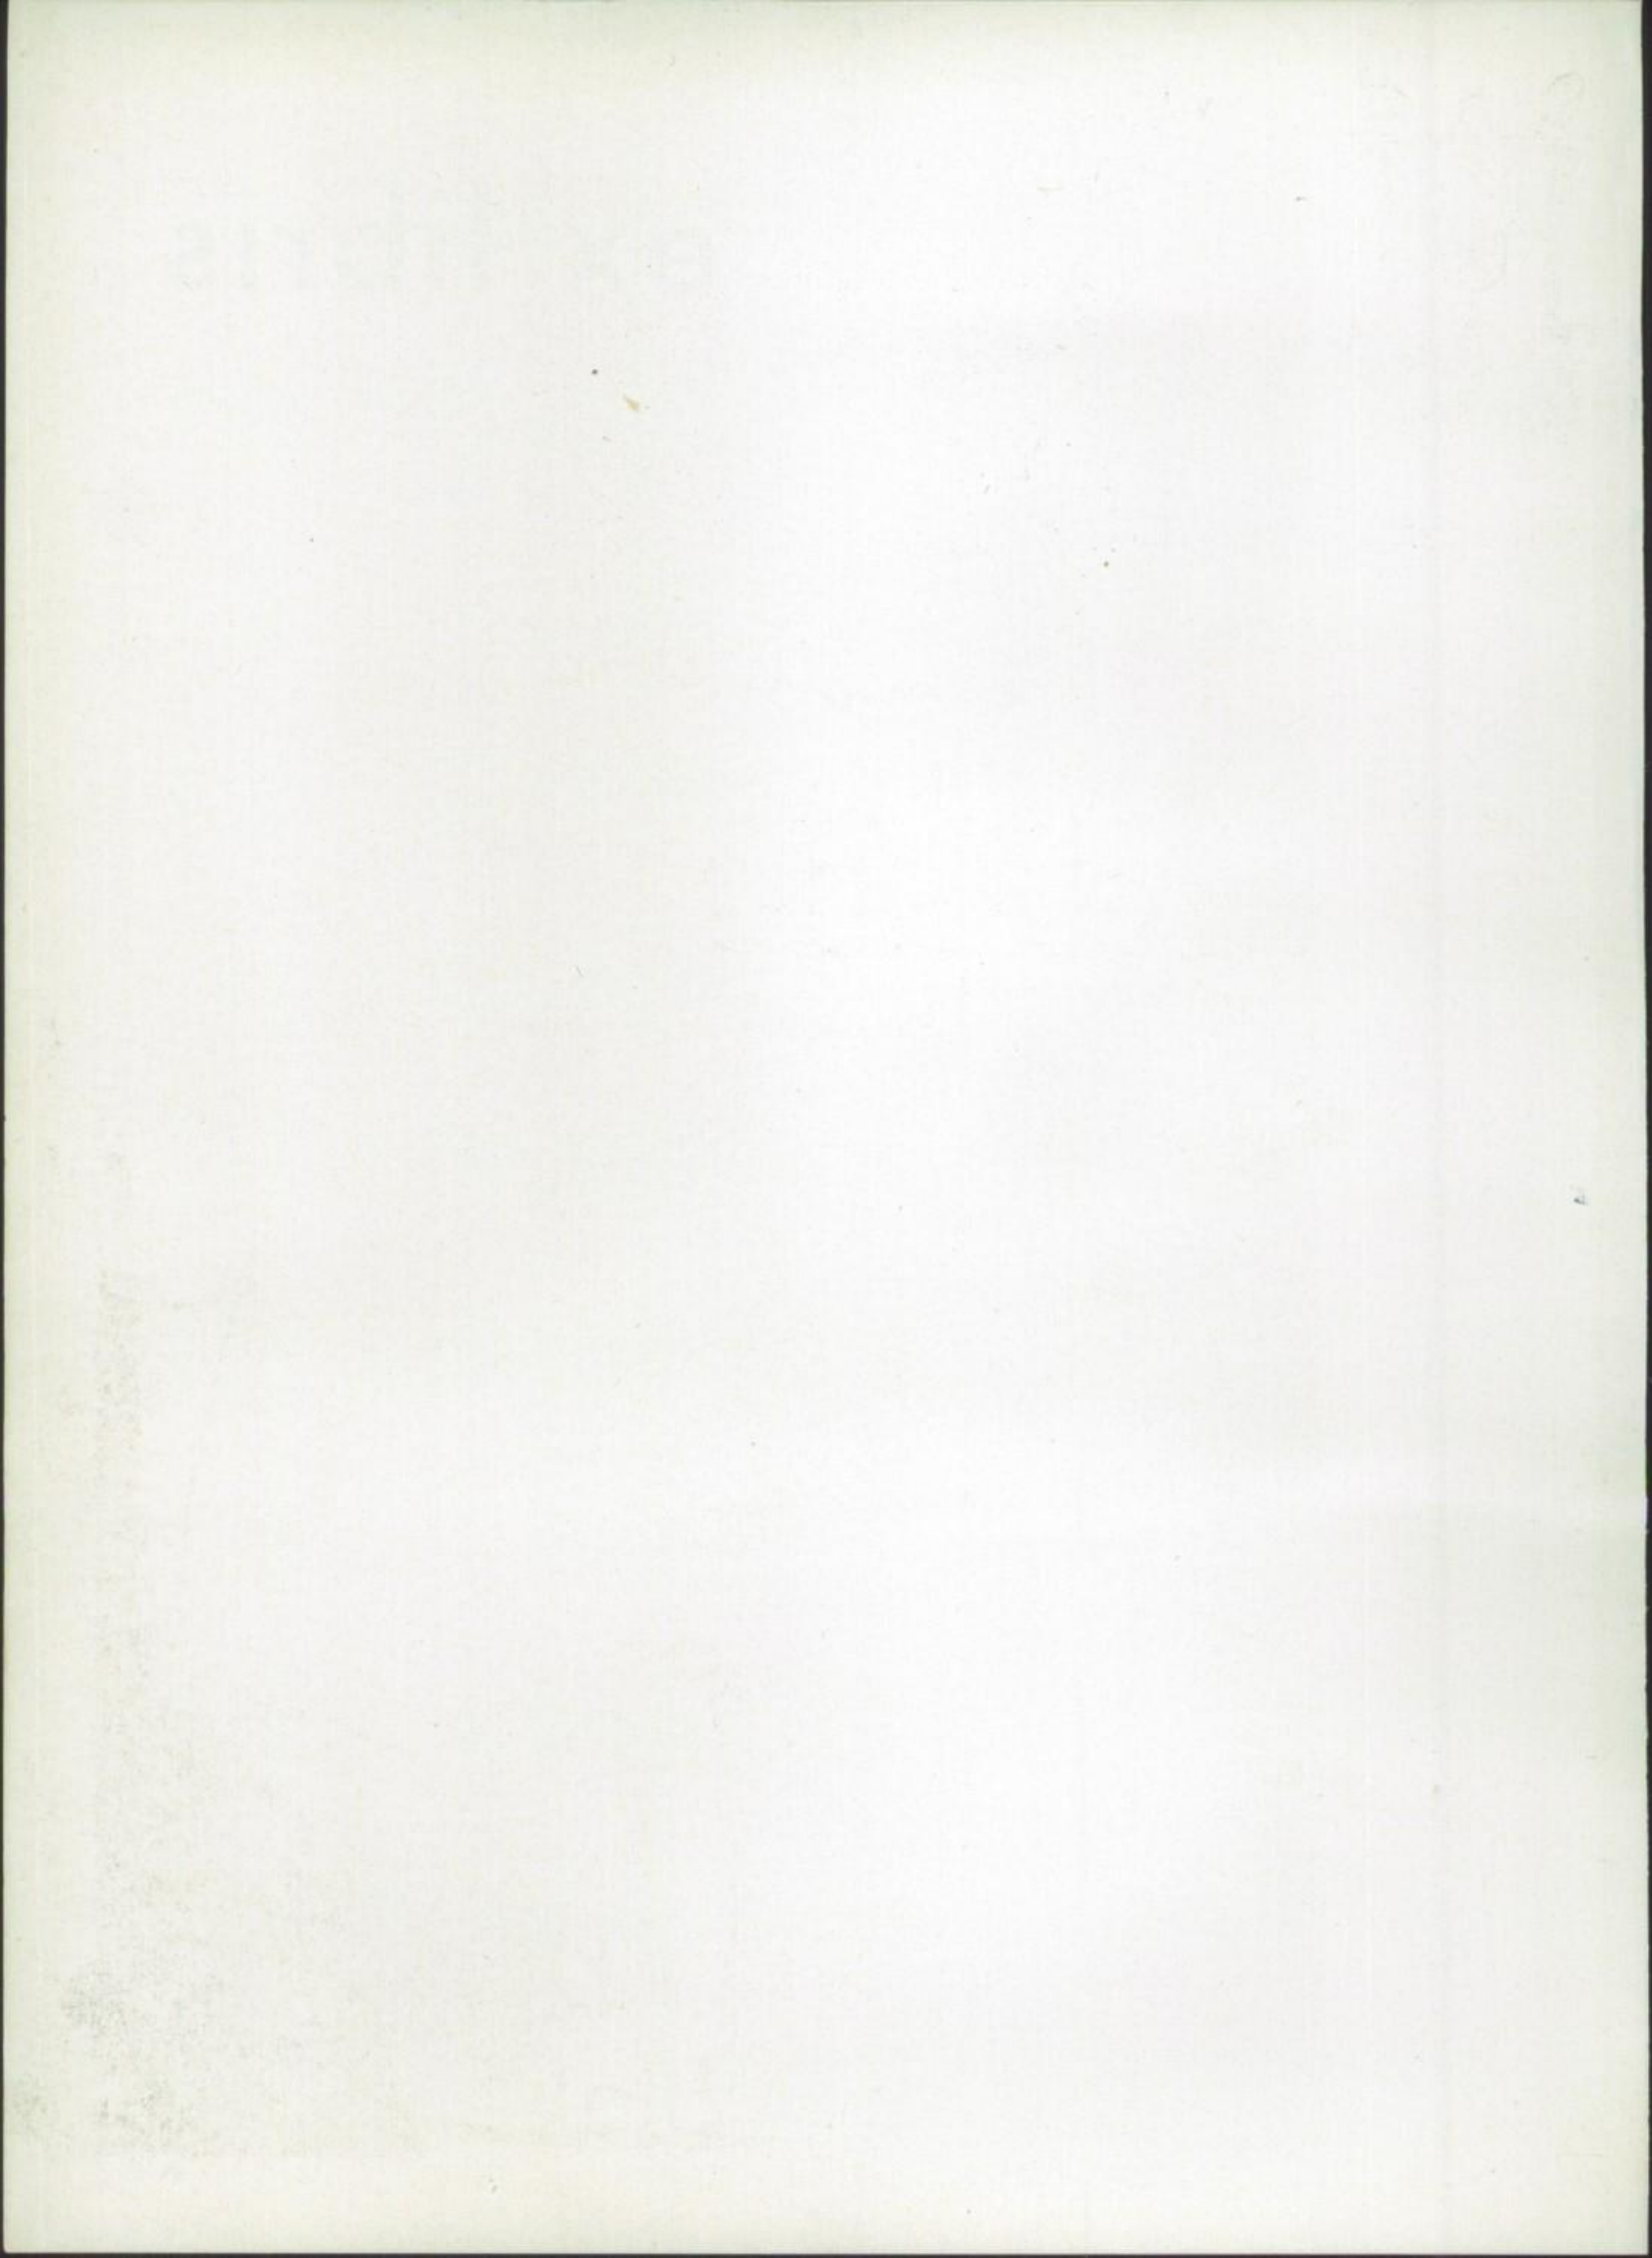

Good luck and the best to you in everything
you do.

Love Ya Always to one of the
Best.

P.S. Keep an eye Bob for me, because in
the near future maybe I can get my
hands on him. I haven't been doing so
bad lately.

Dear Seniors,

While considering a message to your class, I happened upon the following quotation from the Fourth Chapter, Eighth Verse, of Philippians:

"Whatever is true, whatever is honorable, whatever is just, whatever is pure, whatever is lovely, whatever is gracious, if there is any excellence, if there is anything worthy of praise, think about these things."

What better message could I, or any one, give you!

Dear Seniors,

We believe that our American system of individual initiative, individual rewards, and individual liberties has more to offer you than any other system so far devised in this world. We hope that you have equipped

yourself in school to meet the responsibilities that our government has a right to expect of you to make our American system operate successfully. Your life can be successful if you will live right and attempt to earn your own livelihood.

Educated People Save

It is told that Indians of Paraguay plowed all day with oxen and then killed the oxen for supper. The primitive mind gave no thought to the morrow.

The habit of saving is the mark of the educated man and woman. Also, it is one of the privileges enjoyed in a free America.
